

OUR ENHANCED RE-OPENING SAFETY STEPS

We're thrilled to welcome you back to our tasting room. To ensure everyone's safety, we'll be operating differently from the past but rest assured, the wine (and staff) will still be top notch! Here are a few changes you can expect during your next visit.

Reservation Required

To ensure proper social-distancing, please make a reservation for any party size by contacting 503.487.6341 or info@alitwines.com

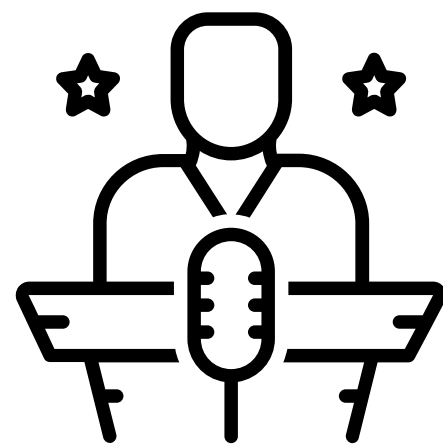

Masked Staff

For everyone's protection, our staff will wear face coverings at all times during service. We kindly ask that you wear a face covering when not seated during wine service.

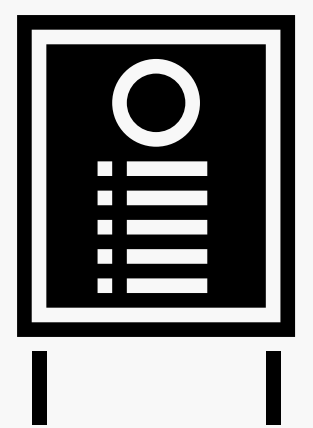

Please Wait to be Seated

Upon arrival, please check-in with our host to be seated. Indoor and outdoor seating will be limited to 50% of capacity to ensure proper distancing.

Single Use | Chalkboard Menus

Your wine options will be displayed on single use or chalkboard menus available throughout the tasting area.

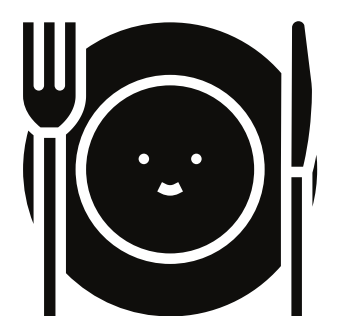

Wine Flights

Upon ordering, instead of staggered service, we will deliver your complete wine flight to your table.

Limited Food Options

All food items will be prepared according to the latest food safety requirements and served with disposable utensils.

Enhanced Sanitation

Our staff will be wearing gloves + engaging in frequent hand washing. All surfaces will be sanitized between service use. For our customers, hand sanitizer will be available for your use.

Wine Orders

You can place an order for wine purchase following a tasting. We will also continue to offer curbside pick-ups and free local delivery on 6+ bottle purchases.
